Brian and Lydia Danenberg

To Whom It May Concern:

Rima Neuman has been the primary care-giver to our son since February 2001 when he was four months old. Rima came to us through a recommendation from social friends of ours, also of Chatham.

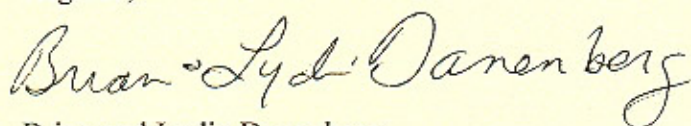

Over four years of experience with Rima has shown her to be deeply committed to our child's well-being and development. My son, and the other children I've seen, are consistently happy and comfortable with her. My son regularly comes home with new songs in his head, seasonal and holiday themed arts and crafts, and happy from the day spent with his playmates.

Rima has provided very reliable care for us. We find the environment she provides to be safe and healthy. I've never seen a child playing poorly, nor witnessed any unsafe practice.

Rima consistently builds and reinforces age-appropriate skills. She's attentive to my son's current abilities, and to what skills he should be learning next. He's never shown any frustration with Rima's teaching.

We're very confident in recommending Rima. Please call us if you would like to discuss any particular point, our evening phone number is 973 635-3905.

Regards,

Brian and Lydia Danenberg
