

To The Little Angels Gang –

Our daughter, Francesca, couldn't be more pumped about going to school!
Here are some quick points as to why we're huge fans of the environment,
curriculum and overall situation at Little Angels:

- Caring staff that you truly trust
- Staff provides honest and helpful feedback on your child, so you can gauge how they're progressing socially, physically and psychologically
- Children get to forge friendships at a young age, which drastically helps to improve their social interaction outside of school
- Staff comfortably challenges the children to progress

Big thanks,

The Giamartino Family
