To Whom It May Concern:

Our son Liam attended Little Angels Schoolhouse from February 2004 through March 2005. During that time, Rima Numan provided top quality child care for our son.

The environment at Little Angels is a warm and loving one and provides the children with many interesting and stimulating activities. We feel that Liam learned many new things in Rima's care while making new friends.

Please accept this letter as a strong and favorable recommendation for the child care services provided by Rima and Little Angels. Please feel free to contact us if you require any further information.
