

Dear Parents

Our daughter has been at the Little Angels School House for a while now and she and I both love it. Stella comes home in the evenings healthy, happy and content. She brings home paintings, poems and songs and things that warm my heart. I was so nervous picking a daycare and having someone look after the most important thing in my life however Rima made the decision easy and we NEVER worry about her during the day. If I feel the need I can get a picture sent to me at anytime. The children play together and in the summer they are outdoors. Stella has made many friends and you can see she is extremely sociable and loves sharing and playing with other babies. Rima's daughters have both come to my home to babysit for Stella and they adore her and she is so safe with them, she lights up when she sees them.

It will be a sad day when Stella has to leave here as it has become home from home.

Fiona and Bruce .
